

Allan L. Klein, MD, FRCP(C), FACC, FAHA, FASE, FESC, is Director of the Center for the Diagnosis and Treatment of Pericardial Diseases and a staff cardiologist for the Cleveland Clinic Department of Cardiovascular Medicine Heart and Vascular Institute in Cleveland, Ohio. For more than 20 years, Dr. Klein was Director of Cardiovascular Imaging Research at the Cleveland Clinic. He serves on the Heart and Vascular Institute Executive Council. Dr. Klein also is Professor of Medicine at Case Western Reserve University Lerner College of Medicine in Cleveland.

Dr. Klein is Chair of the American Society of Echocardiography Clinical Recommendations for Multimodality Cardiovascular Imaging of Patients with Pericardial Diseases. He is Past President and a former member of the American Society of Echocardiography Board of Directors and he is a former member of the Cleveland Clinic Medical School Admissions Committee, Cleveland Clinic Outcomes Research Committee, Cardiovascular Disease Review Committee, Research Council, Cardiovascular Imaging Research Council, and Leading in Health Care Business Program. He also is a former member of more than 22 committees for the American Society of Echocardiography, American Heart Association Committee on Scientific Sessions, American College of Cardiology Ohio Chapter Expert Advisory Panel, National Board of Echocardiography NBE/ASceXAM Writing Committee, and Cardiovascular Credentialing International Board of Advisors. A fellow of the American College of Cardiology, American Society of Echocardiography, American Heart Association, Royal College of Physicians, European Society of Cardiology, and Council on Clinical Cardiology, Dr. Klein has been a member of the Canadian Medical Association, Quebec Medical Association, Canadian Cardiovascular Society, American Medical Association, American Heart Association, Cleveland and Northern Ohio Academy of Medicine, and Society of Cardiovascular Computed Tomography.

A sought-after speaker, Dr. Klein has been an invited keynote speaker, course director, speaker, and symposium director for more than 500 local, regional, national, and international presentations in his field. He was Principal Investigator for the ACUTE I and II Multicenter Study, ABRIDGE MVR, ROTEa, and CLOTS, and he has been Co-investigator for the X-VERT clinical trial. He has numerous research projects and he is in charge of a large pericardial registry. Dr. Klein is the author or coauthor of more than 800 articles, abstracts, editorials, books, book chapters, and online publications. His articles and abstracts are published in prestigious, peer-reviewed scientific journals, including *Journal of the American College of Cardiology*, *American Journal of Cardiology*, and *Journal of the American Society of Echocardiography*. In addition, Dr. Klein is a reviewer or guest editor for *American Heart Journal*, *American Journal of Cardiology*, *Circulation*, *European Heart Journal*, *European Journal of Echocardiography*, and *The Lancet*, among others. He is a member of the editorial boards for *Journal of the American College of Cardiology*, *Echocardiography*, *Journal of Cardiovascular Ultrasound and Allied Techniques*, and *Journal of the American Society of Echocardiography*. He is Section Editor on pericardial diseases for ACC.org and *Current Cardiology Reports*.

Dr. Klein earned his BSc in microbiology and immunology and his MDCM as a university scholar with first class honors at McGill University Faculty of Medicine in Montréal, Quebec, Canada. After graduating, he completed his internship in medicine at the University of Toronto Faculty of Medicine and he completed his residency in internal medicine at Royal Victoria Hospital under the auspices of McGill University Faculty of Medicine. Dr. Klein completed his fellowship in cardiology at the University of Ottawa Heart Institute, and he completed his fellowship in research and echocardiography at the Mayo Clinic in Rochester, Minnesota.

Dr. Klein is a recipient of more than 43 honors and awards, including the American Society of Echocardiography First Place Outcomes Research Award and McGill University EGD Murray Prize in Microbiology and Immunology.
